Thanks for the good words. I used to be the assistant nursery manager there years ago and my hats are off to the guys. If you catch a brook trout in the Breeches you should thank the YBA, big fish could be the same. Also they treat their fish like they are their babies in that if any fish is not in excellent shape, fin rot and other minor problems it gets stocked or removed. All moneys involved come from donations. So thank you for all support. They raise between 35,000 and 40,000 a year and stock in public waters.
