Brand new in the package never in the vise Peak Saltwater Jaws.

\$25.00

Info from Peak website:

PEAK Saltwater Jaws are available for both the PEAK Rotary Vise (SLT-1) and the PEAK non-Rotary Vise (SLT-NR). These jaws undergo the same hardening and tempering process as our highly acclaimed standard jaw. The jaws will accept hook wire diameters from approximately .040" to .075" up to 6/0. The black oxide finish reduces glare in the immediate area of your fly.
