Brad,

Where did you buy that? Did someone custom make it for you or is it commercially produced? It doesn't look like it's much bigger than a medium sized suitcase.

A guy named Mike Hampton from the Williamsport area made it for me over 15 years ago. He is a very talented fish carver also. I have no idea where he is now. I also have a wooden rod & reel box that has a small tying station built into it from Mike.
