Recommended FF guides near Gettysburg?

Hi everyone, first off I wanted to say that I have been reading through many of the past year's forum posts and thank you all for your wealth of info. I'm hoping some of you can help me out--perhaps I'm blind, but I can't seem to find any posts regarding recommended FF guides/services for hire.

My husband and I are advanced novice to intermediate FF enthusiasts who would like to hire a guide who is well versed with the local rivers near Gettysburg, who can take us a for a fun FF day on the water in the hopes of catching trout (or any fish species that is available over Memorial Weekend, we're not picky). I've read as much as I could on the Letort, Yellow Breeches, Spring Creek, etc. but given how tough some of these waters are, we don't want to ruin it for more advanced FF people and scare away all the fish!

Can someone please point me to a list of recommended guides that offer their services within 2 hours' drive of Gettysburg? I have found several fly shop and guide websites but would prefer to get recommendations since this is our first time in the area and want to make the most of it with a responsible, knowledgeable, and patient FF guide.

Any links to previous posts or any new suggestions would be very much appreciated. Thank you!!
