Mike,

From a guy that did what you are about to do ten years ago, let me tell you to enjoy the ride. It will take you places, you will meet many people, have opportunities to fish some awesome places and get some good deals on equipment. Other than that just hope to break even when all is said and done.

After awhile being in the business became a drag on enjoying the passion itself. When that happens if you are lucky someone will come along and offer to buy your business. I just sold mine this month and now it's time to enjoy.
