This rod was made by one of the premier bamboo fly rod builders - H.L. Leonard. I own a few Leonard bamboo rods. The appearance is fiberglass from the 60's or early 70's. And it may be somewhat rare. Post the pictures on Fiberglassflyrodders.com, someone can probably identify the rod and it's approx. value. Fiberglass fly rods are very collectable (sp), there is a cult following including me. A pack rod from HL Leonard may be highly prized.
