Steves point may not fit in well with the rest of the thread, but that does not make it invalid and I happen to agree with it. Gierach is a good writer. But just because he writes about a place or experience, it does not make him expert.

Fair enough, but lots of statements have a point if you make context irrelevant.

My point was that he was refuting something that no one had claimed, an additionally something that I've never heard anyone claim. No one reads Gierach to learn how to fish.
