I extracted the following from Wiki:

Gierach has written 19 books on fly fishing, co-authored 4 other books on tying and was the 1994 recipient of the Federation of Fly Fishers Roderick Haig-Brown Award. He coined the term *Trout Bum* with his book of the same name. He has written for the NY Times and Grey's Sporting Journal. A few of his books such as "*Fly Fishing Small Streams*" are instructional.

I would call him an expert but some on this forum disagree. I guess it depends on how you define expert.
