Don't let the nay-sayers discourage you. You've got a lot of good ideas and my concern is that your energies are being spread far too thin on too many public service and/or for profit projects such that none will ever come to Fruition. Connemaugh restoration, portable fly tying, egg patterns, dry flies, stockie killers, this list grows on and on and on and you've got some really good ideas.

It's like you keep pulling out, I say stay in there and let's get the job done.
