I would like to start by saying I am not poor as you may think. But there are a lot of people who are in need of a meal. I would rather see the fish go to the needy then thrown them back to die. One of the reason for flyfish is to use it as a tool for releasing fish allive. This is a fly fishing site I will tell you a little about myself. I help start the first youth flyfishing school at Mount Clair st. U. I would take a week of from work to do it. Also I was instrumental in starting a youth fishing derby at North Middletown twp. I have done programs and help support our FFA in starting a youth fishing club in Cumberland co. Also over the past 30 years have never turned down a request by Boy scouts or other related groups that needed help with a fishing program. On Saturday I did a free presentation for the YellowBreeches anglers. It included some tips on releasing fish. That evening I went to the Adams Co. Tu banquet and gave a business gift certificate for 1/2 days guiding or Beginner school. As for hear say I stated what I saw and what others who came to the show saw. These are people I have known and respect. Also Roland at the YBO told me on Sunday he may call the Fish commission with all the complaints he received. In past years I have helped with the youth on opening day at the childrens area. After a few years of adult problems I quit. Also there are other guides that used to do the same. I will not mention any names but they are reputable folks. I do not have a problem with teaching youth fishing and proper use of our resources. But you need to look at the web site on mentoring from pa fish. It says they do not want others to help. And also mention what a mentor is Not sure why you did not get that so please go to the site and read it. I can think of at least 8 children fishing events in our area before this came about. I have never lied or started a false roomer. If you were not there I am not sure how you can comment on what happened. I will not read any post on this subject so you do not have to respond on my account.
