McSneek: Which stream that is not stocked in Lancaster Co and also meets other criteria for stocking such as good parking, low posting, etc is "better than a farm ditch?" If you wish to call out the management of stocked trout fisheries in Lancaster Co, then please provide viable solutions. Frankly, if the fish are well utilized and the fish "reside" well, I don't have any problem with stocking "farm ditches" for a put and take fishery, especially if they are close to home for large numbers of families or kids, eg. Meetinghouse Run.
