...I likely spend just as much time "researching" as I would with paper maps. I enjoy that aspect of it, and you spend what time you got doing it...

Being on the water can be just a part of the rewards of fishing and the research can be just as much a part of the experience. It's really all in what you love!

Believe me, I do a lot of research too and it is rewarding. You learn more than you can ever get from any single source. pcray - seeing some of what you gathered at the Newbie Jam, my hats off to you!
