I enjoy my 1 or 2 outings each year fishing outing with my non-flyfishing buddies. We will be taking my Bass Tracker to a local SCPA lake (Opossum) with my 8 year old nephew and my buddy's 7 year old grandson in tow. I spend last night rigging four spinning outfits to ensure I have spares rigged when the inevitable tangles occur. I may even have time to wet a fly line, although with four people on the boat, it is unlikely.
