I got kicked off that one, too.

I think you've got the most you'll ever find already, the only thing that's really outstanding, information wise, is where did the blank come from.

More than likely its sourced from someone else.

Use it with a 6wt.

The best part about it is the "personal" tag. Any worth from the rod comes from that. I'd fish it, as would several others here.

I don't know about worth, but considering how little there is about Cliff Wyatt, I suspect not as much as one would hope. Since it was the old man's, it has more sentimental value.

Give it to me, I'll hold it in trust till Turkey's old enough.
