In 2011, Penn State published an interesting article on Cicadas.

[Periodical Cicada - \*Magicicada septendecim\* \(Linnaeus\)](#)

About 2/3rds down the page there's a hatch chart by year and county. Here's an excerpt for 2013:

**Table 1. Timetable of expected appearances of the periodical cicada in Pennsylvania.**

**Year(s) Brood No.**

2013 (2030) II

**Counties in Which They May Emerge**

Berks, Bucks, Carbon, Chester, Dauphin, Delaware, Lancaster, Lebanon, Lehigh, Luzerne, Monroe, Montgomery, Northampton, Philadelphia, Pike, Potter, Schuylkill, and Wyoming Counties; last emerged in 1996
