Doesn't anyone really read a post before they fire off a response? Like Swattie 87 talking about changing your expectations on opening day on an ATW. Once more, for everybody's benefit, as Peterm stated in his original post and as I reiterated in my post above, the incident he was describing happened on a CATCH AND RELEASE section of the Bushkill. To me that's what makes what happened so unusual and disgusting. I would fully expect it to happen on an ATW on opening day or any other day of the year, but not on catch and release water by another fly fisherman.
