I think I got my first kit on Christmas of 2005. Back in 1966 when Ed started tying, I was -17. (figured I'd throw a jab in there)

All self taught, and have taught a few people along the way. I started tying about 6 months after getting into fly fishing. Probably fished for 6 months after that with a few bought flies, but can't remember the last fly I fished that I didn't tie or someone tied for me (swap mainly).
