Rleep, WhAt Is Your Beef With Salmon In Lo? WhAt Native Species Are They Displacing? Alewives(Invasive) Displaced Smelt (Native) So Pacific Salmon (Introduced) WeRe Stocked. Steelhead Are Also An Introduced Species, Do You Dislike Them Also? If Ny And Canada Stopped Stocking Salmon They'd Be Gone. They Are A PUt And Take Fishery That GenerateS A Lot Of Money For Rural Areas. Atlantic Salmon Have Proven They Aren't Even A Viable Put And Take Option. I Greatly Prefer Steelhead Over Pacific Salmon, But Your View Makes No Sense To Me. They Certainly Don't Flt The Definition Of An Invasive Species. Sorry About The Caps Don't Know How To Fix It.
