New Vise - First Tie

URL:

Having decided that these old eyes can see well enough to try this tying thing, I quickly decided that a better vise was required if I was going to continue at this.

I ordered a Renzetti Traveler through my local fly shop (A & G Outfitters) and it finally arrived this week.

This is my second tie on it - first one went into the "good enough for my brother" box. 😊

Size 14 Dai-Riki with rusty brown dubbing and natural comparadun.

Bash away! I won't improve without constructive criticism.
