Hi all, Name's Eric.

Looking to get back to Fly Fishing after 20 some years, I used to fish for salmon with my grandfather for years in Northern Scandinavia.

Made a living in NYC for a long while with no time for fishing, now I have a nice spot next to some great streams here in Northampton County where my wife's family is from.

For the last couple of years here I have been using a micro light spinner setup for trout but figured its time for get back with the Fly....

Anyhow, Reading thru the forums and looking forward to be part of the PAFF community.

Eric
