The trash that lay before you in any city dwelling park can be heart stopping. I fish the PennyPack all the time. I have a choice to clean up after some @ @\$%# people or ignore. It is very difficult to ignore a place that would be so much nicer if people cleaned up after themselves. I have always believed that it is better to make a place somewhat better than before. If we all would view with the same and take 1 trash bag with us when we go fishing and pick up, it will make a difference. At PennyPack some people have placed trash bags around just to help. Of course not everyone plays the game. DO NOT WAIT FOR THE PARK CLEANUP DAY...It is only one day. Beautification of a park is 365 days our of the year.
