Okay then we should stop stocking trout and stock panfish in ponds for the future anglers ? And I wasnt talking about introducing children to fishing I'm talking about kids stepping up to a higher level. Like I said I enjoy panfish too but they dont hold a candle to trout or smallmouth bass from moving water IMO. look how many people travel so far and spend so much money to fish for trout and bass. Not many do so for bluegills. So I'm pretty sure I'm not in the minority on this.
