Quit chewing and you'll catch ALOT more fish in the long run. I dipped for 27 yrs and found out this past December that if I didn't quit I wouldn't be fishing next year or any year for that matter. It was an easy decision for me to make, I love fishing and my family way more than chew. It's just not worth it.

Good for you Dan. I chewed "Copenhagan" snuff for 25 years. I quit 16 years ago. It was very difficult but I am so glad I did it. I want to live to be an old man.....I mean older man! Ha!
