Yep that is the one and only Little C. There will be a trout derby there on the 28th so there will be 500 fresh stockies in there, and a few over 16". The bridge that you can drive over in town has a decent hole right above it. I catch a lot of trout out of it. Park at the bridge and walk up to the pavillion there is another couple holes. If you park at the rail road overlook and walk down over the hill you will find some more holes. There is a rail road trussle with a hole as well. Any day of the year you can catch fish on that section of stream. If we ever do meet up to fish I will take you to the spots I wont spot burn ;)
