Got the kit today, Looks pretty solid and feels good in the hand.

Rod is Medium/slow and well made with no cosmetic issues.

Reel is almost a bit heavy, Very sturdy with a good brake that I most likely will never use.

I took the Line off the reel and it looks good.

16 Flies, 3 tapered leaders and 25m of tippet as well

Nice box for the flies seems sturdy and waterproof and a Tube with Zippered pockets to hold all of the above.

I'll hit the streams next week.
