Dear Board,

This is just a heads up to any procrastinators out there.

I bought a 3 year license on Friday and today I received a coupon via email from FishUSA for 10% off a purchase of \$ 50.00 or more.

I've never bought anything from FishUSA but I figure after viewing their site that I'll be able to come up with something I need that they sell between now and the middle of October when the coupon expires.

I figured I'd pass this news along in case anyone else is still trying to decide whether to buy a multi-year license or not?

Regards,

Tim Murphy 😊
