I was. I fished it from 11-3 in the C&R area.

Didn't see any yellow mayflies but later when I came back Tim and I saw some mayflies that I'm sure were some sort of Baetis. I did see lots of Tan caddis and a Sculpin hatch 😊

Hah! Yea I'm pretty sure I talked to you briefly. You were fishing a sculpin, and said you missed a really big trout under a willow tree, right? You were there with your daughter, right? I never did see that fish.
