I spent the weekend in Williamsburg Va. and fished the Chick at Rock a Hock. The herring run was very thick there and I did well with some nice crappie. There is a no kill on the hearing so very few fishermen but one guy dropped a 6 hook hearing rig down and pow he pulled 4 and had a 5 th one fall off. Not my cup of tea but very impressive. Thanks for the good report icy,I hope to get down there this weekend.
