There are many stream cleanups this time of year.

Spring Creek's is this Saturday, April 15. From 8:30 am to about 11 or 12 or so.

I know that there is one on Penns Creek also, but I'm not sure of the date.

I'm sure there are many others around the state, so if you do a little checking you can probably find one in your area.

It's kind of fun doing the cleanups with a group of people.

And it makes a BIG difference doing that once a year. Many areas of Spring Creek are far less trashy than in the past.

Now if we could do something about all the mowing and cutting of vegetation along the stream. That is actually far more damaging than trash.
