My post was to inform people that CVTU has been asking questions and following it very closely. I suggest that anyone with concerns voice their concerns to PA Fish and Boat. I wish I had some more detailed answers on this matter as well. But one thing that I can tell you know one from CVTU is keeping quiet on this issue. CVTU did ask for a report on this a long time ago and PA Fish and Boat stated that draining the lake has no harm on the Run or Yellow Breeches to this point that is all we have.
