Evidently I have ruffled a few feathers by asking a valid question to an obvious problem. I am a member of CVTU and have asked this same question to other members. I repeated what I have been told by those members. I don't understand the apparent secrecy regarding the lake draining. And no, I will not name names.

Once again, I am not blaming anyone, just would like to know what has been or what may be done regarding this issue.

I will contact the Fish and Boat Comm. and ask the same question.
