We had a great weekend near the leidy bridge went down stream and caught 15+ browns and bows swinging olive and white buggers in the fast current. Paddys run also produced a lot of native brookies on big white streamers and stone fly nymphs. I did see a lot of fish caught at the bridge and we rapeled to the middle bridge embutment but no fish caught in the middle eddy there. Good drinking weekend with the guys even if we didn't get any hatches or risers

Did you see anybody else fishing on Paddys Run? I fished there one time and a bear crossed the stream just above me.
