Eunan,

I always enjoy looking at your work. What a talent! I am definitely not the person to critique your work. However, you are obviously not happy with this one and looking for some feedback from some of the members. The only thing that I can see is that it appears that you ran out of room up front and crowded the eye of the hook much more than you do on most of your ties. Everything else looks perfect to me. Again, thanks for posting up pictures of your ties, they are truly amazing!
