Dear lv2,

That's a good score, it reminds me of the time my buddy got me 5 fox tails and 5 coyote tails at the NYS Trapper's Rendezvous for the tidy sum of \$ 10.00 and a 6 pack of Gennie pounders.

If you or anyone else wants to buy tanned pelts in bulk there is only one place to go. It's not the kind of place where you buy for only yourself unless you tie professionally, but just to give an example you can buy a whole tanned muskrat for \$ 17.95 and 4 square inches of muskrat costs \$ 5.00 at a shop. If you don't care if hides are tanned it's far less expensive.

Check the \$ 2.00 to \$ 5.00 section and the \$ 5.00 to \$ 10.00 section, if you tie with natural fur alot you can really save money.
