Eunan,

That is horrible! Send it to me mounted it in a frame and include a signed card so I can properly dispose of it.

The art work is beautiful, and you and the folks you are competing against have standards that I can't even begin to understand. I'm curious from a historical point of views, do you think that tyers of the MOM era paid the same attention to detail, or has the tying evolved into an art form since?

Mike.
