Haha I just remembered an epic C&R well sort of...lets see, I lived in Pittsburgh, So it was over 15 years ago. I said to my FIL at a childs birthday party that I had hooked and lost a big brown under a tree undercut along the trail yesterday (saturday) and it had taken my fly.

The next Sunday at a family dinner he said he went to that spot and caught a 16" brownie and it fought well and then he reached in his pocket and said, I believe this is yours...and he handed me my streamer. The hair on the back of my neck stood up. Then and now.
