Maurice, Maurice, Maurice -- That's not nice! That sellout lefty contributes to MAFFG in no way detracts from the lovely rendition of the brookie by Fishidiot. If Fishidiot's print is still at Flyfisher's the next time I go there, I think I'm gonna have it, though I really don't have a place to display it! I might have to negotiate with the boss (my wife) for a little wall space.
