Fishpond makes some nice fanny pack style packs that look like good products. Though, if weight is an issue, you may want to take a hard look at what you are carrying around everytime you go out. I find that alot of stuff is seldom used and I can decide if I need it for the day or not and leave it home or in the car. An Orvis sling pack is more than enough for what I need to carry in a typical day's fishing.
