I was there Saturday afternoon. The wind made for some tough fishing. I caught one small stockie rainbow on an egg pattern and nothing else. My buddy that came along with spinning gear picked up about 10. I also swung by there on the first day on my way home in the afternoon and didn't do well. Talked to one guy that was spin fishing and he told us he caught 97. We kind of laughed and shrugged it off. He continued to fish as he talked to us and I watched him bang out 98, 99, 100, 101. Every cast, fish on. Guess a panther martin was the ticket for the stockers.
