A pontoon is great for getting from one pool to the other or for getting to the opposite bank when fish are out of reach. Fishing from the "toon" isn't so much fun but I do 75% from the boat and 25% wading. Wind down river is awesome, across river isn't as much fun and blowing up river is a living hell. You get to a pool that is normally like glass and it appears to be a 1/4 long riff... NOPE. It's whitecaps blowing your way and coming over the pontoons.

Under "events / meet-ups"....Chaos in the Catskills. Also do a fall JAM up there in late Sept / Oct.
