Boychick, gotta love the smallie bonus catch. I started spey casting this year and I am in LOVE with it! I went out and bought a switch and a full spey rod and swung up my first king and my first steelie this season. I was pretty stoked. Needless to say I don't quite look like Simon Gawesworth or Ed Ward yet but I am getting the hang of it quicker than I thought I would. Good luck with the carp!
