As for Hickory Run, loads of brookies above the road, below the sewer plant, it's just not productive.

Gotta agree with that. This is beautiful country, but definitely not the most productive trout water. Black/Hayes was beautiful country with very few fish. I've never fished Mud Run, but I'd have to suspect it's similar in nature to Hickory. I don't fish this area with high expectations, but instead just enjoy the surroundings. If I happen to hook into some decent fish, it's a bonus.
