Vineyard House at Pilot's Landing-First week of June

Because of circumstances beyond our control (fishermen laid off or on reduced hours at work), the first week of June is available at the Darth Vader house at Pilot's Landing (the cliffs). I believe it is \$650/person up to 6 for Saturday to Saturday. Bill Hayes will be there with the Flyswatter (22' Mako CC set up for fly), which he will run for @ \$120 per person per day (limited to two fishermen).

It is an awesome house with a phenomenal view. Dogfish Bar and Lobsterville Beach are within walking distance, as are Aquinnah and Philbin Beach. Menemsha is a mile away. When it's on there, it's really on. Highly recommended. I have caught more 20# bass than I can remember there, and my personal best was 42#, sight-fished from the Flyswatter on the South side in late May.

PM me if interested.
