Congrats. But never make your 'passion' your job. Just my .02\$

I absolutely agree with phish. I think you'll be ok. But for myself when my hobby became my job, it got kinda crazy.

Thanks everyone!

As for making my passion my job, I'm not. This is just a job I'll have until I go away to college, something (like Ed hinted at) to pay for my gas money, and to keep me immersed into the tying and fly fishing world.

On the downside, I'll certainly have access to way too much fun stuff, I'll be tempted too much. Plus, the shop next to us sells muffins, donuts, pies, and other desert-y things. I'll end up fat and broke!
