Thank you for all the input gents.

I get that FF isn't the most optimal way to get a 5 year old 'interested' but I never spin-fished. I agree 110% .. no trout fishing and I will go with bluegills and other 'stupid' ww species. I figure, no matter what direction I went, spin or fly, I will be helping him cast when we go out so I might as well go with what I 'know'.

Think I'm gonna go with inexpensive eagle claw (short) to get him started. Very small investment for a lifetime of memories!
