Make sure you get to the upstream property. This is the property over the mountain on the road past cabin #18 over the mountain.. U can access via 4X4. Crossing the river at #15 is possible but not recommended.

I landed those big trout there... In general I would recommend (1) Very big Wolly Bugger (2) March Brown (3) Tie off to the largest tree and hold on if you hook into a monster!! Enjoy. I'll be there thursday afternoon. Check out is 11AM on thursday for folks staying wed.. We will shut down stream to fishing around this time to prepare for tournament and give fish a day of rest.
