Wait til you start tying! ;). Thank god for Tightline productions tying lessons on youtube. Seriously - I learned casting and knots and basic tying and countless tips on every aspect of this chess match. Trust me though - every second you can spend with an experienced guide or a veteran fly fisher will jump your progress forward leaps and bounds. - couple weeks ago I had a guy tell me all about the different rise forms. A whole other set of guidelines and principles to learn. Makes a big difference in understanding what it is your seeing.

Enjoy the addiction!
