For those of you who are using the GPS Fishing Guide to Pennsylvania for iPhone, can you please post a rating and possibly a review for the app on iTunes or the AppStore?

I have heard nothing but good comments on this forum and hope you'll share your thoughts with the iPhone audience at large. Your ratings will go a long way to assuring the long term success of the GPS Fishing Guide.

Thanks to all!

PS. You'll find a "Rate this App" button on the "Help" tab to make the process easy.
