I said I wouldn't, I swore I wouldn't, I truly didn't think I would....but I did. I just purchased another fly rod. I need help. Two more rods this year, its just like I can't stop. If I could afford it, I would probably own every new rod every year. My grandfather enscribed a fly fishing book he passed down to me that describes my condition perfect:

"Give a man a trout and you can feed him for a day. Teach him how to fly fish and you can sell him gear for a lifetime"

Maybe one day...one day... I will finally be able to say no to a great deal.

Btw, if your looking for rep samples of g loomis I found the best place ever. They are eligible for the loomis wild card and their warranty.

In other news the Yellowstone Angler came out with their 2013 5 wt Shootout so check it out. The Zenith has been dethroned!!!
