I lived in Phoenixville / Valley Forge area and fished every stream, trib, river in the area. I don't recall anything like this on Valley Creek - Valley runs through some pretty posh real estate before it goes through VF Park. French Creek - doubtful, but possible. There are some pretty sweet spots along French Creek if you look for them and / or trespass. I will venture a guess and say it a very well done photo shop. Pretty small rig to be landing a hog like that, and unless the dude is professional arm wrestler his hands/arms don't match with his "slighter" over all body type.
